

Song from Cadiz

What do I care
if one team wins?

If the night is warm and wet,

Let's hunt snails!
Let's live together!

tri li li, onward...

Come to my table, salt shaker,
don't hide, I've already seen you
a long ways back
I've got crystals and herbs
aye, lad
I have wax and it's from bees
marbles blown of glass
sheep skins and salt-
plenty of salt,

but these lines to Mirabras

are for you and you only
I started them
when
 I saw you from afar
